

BEND ENDURANCE ACADEMY

Dear Athletes and Parents,

Thank you for your interest in financial assistance from the Bend Endurance Academy. As a nonprofit organization, our aim is to keep program tuition affordable for families in Central Oregon and offset actual program costs through various fundraising efforts including corporate sponsorship, grants, and individual donations.

We also understand that participation in endurance sports can be costly since equipment, travel, and maintenance expenses add up. Therefore, the Academy has established the General Tuition Assistance Fund for program tuition for our youth, development, high school and competition team programs, the Kurtz Nordic Scholarship Fund for High School Nordic athletes, the Taye Nakamura Memorial Scholarship Award for aspiring female cyclists, and the She Can Scholarship for female endurance athletes. Each of these funds have slightly different qualifications, deadlines and requirements. Assistance is awarded based on athlete's financial need, commitment to the program and the availability of funds. You will find information and applications attached or please visit our website for more information on each fund.

In addition to financial assistance, the Bend Endurance Academy offers monthly payment plans for program tuition for all of our programs costing more than \$200. Please contact me or your Program Director directly to discuss.

Other financial resources may be available for qualified families through:

- Good Thought Good Action Foundation: www.gtgafoundation.org
- Kids in the Game organization: www.kidsinthegame.org
- PacificSource Community Solutions Flex Funds: www.pacificsource.org
- Pacific Northwest Ski Education Foundation: www.pnsef.org
- School Family Access Network (FAN) advocates also often have leads for assistance

Thank you again for your interest in the Bend Endurance Academy, we hope we can work together to provide financial assistance to you and your family.

Sincerely,

BEA Board and Staff

She Can Scholarship

The She Can Scholarship is designed to remove financial barriers that often prevent middle and high school aged girls from pursuing climbing, cycling, or Nordic skiing.
